Objective

A challenging position in which I can apply my creative, technical, and problem-solving skills to individual or team projects

Education

BFA - Industrial Design Rochester Institute of Technology, May 2006 with Honors,
Concentration in Philosophy

Hochschule Anhalt, Bauhaus (FH), Dessau, Germany

Design Student *April 2005- August 2005*

One of two students selected from a competitive field to represent RIT, to broaden understanding and gain new perspective on design. Studied Industrial Design, Photography, and worked alongside architects on an urban planning project to benefit the city of Dessau.

Experience

Safety 1st, Canton, MA

Industrial Designer *May 2007 - Present*

Created new infant toy concepts and character designs for plush figures. Responsible for creating and updating specification drawings for children safety products and toys. Generated product illustrations, models, logos, and graphics for presentations to clients such as Wal-mart and Target.

New Balance, Lawrence, MA

Footwear Design Intern *January 2007 - March 2007*

Worked within the custom products team creating custom footwear for clients such as Footlocker, Dick's Sporting Goods, and other corporate clients. Responsible for creating new concepts while designing within the New Balance brand. Intergrated new materials, colors, and patterns into existing designs as well as preparing shoes for manufacturing.

Sylorn

Concept Artist *November 2006- Present*

Created original artwork and concepts for an Online Massive Multiplayer Role Playing Game. Worked within the art team, which is made up of artist from around the world. Required to submit art to the 3-D team so it can be modeled for the in-game engine.

Color Graphics, Nantucket, MA

Graphic Designer *March 2004- September 2004*

Worked alongside clients to redefine their identity in various media such as pixel, print, photography, and clothing apparel. Supported owner in daily operations of business and managed entire workflow of the business in his absence. Helped manage customer service and satisfaction in all aspects.

Technical Skills

Adobe Photoshop, Illustrator, Indesign, Aftereffects
Macromedia Flash, Dreamweaver, SketchUp, Maya, 3-D Studio Max, Quark
Web Design, HTML coding, ability to build and maintain computer systems
Screenwriting, digital filmmaking, digital photography
Advanced airbrush techniques
